Press Release: **Aurélie Dorzée** « *Horror Vacui* »

[Mp3 & infos](#)

Horror vacui unfolds itself almost like a fairy tale, like a circus girl balancing above a world of fantasy containing stories of a half fish, half womanbeing, of a young child being drowned, of the fear of emptiness...

Into our ear she whispers her soul, melodies and songs while her voice and violin are debating and melting together in a strong, direct and mysterious music.

Aurélie Dorzée: violin, viola, sing & compositions

Artistic feedback: **Sybille Cornet**
